

# Hit

Sustainability  
Highlights 2022

## CARBON MANAGEMENT

Now calculating all **Scope 1 and 2** carbon emissions

## WASTE PREVENTION AND DIVERSION

**25%** Increased post-manufacturing recycling (2021 baseline)

Installed an initiative to reuse cardboard boxes from inbound products that returned over

**500 TONS** of used cardboard into the circular economy

**NEW!**

Now diverting ceramic waste to a local company partner that resues it for concrete projects

**OVER 100,000 lbs** SINCE MAY

Traded two packaging categories made from virgin materials to more eco-conscious options

**SAVING AND REUSING OVER 7 TONS** of plastic

## OUTREACH

In 2022, Hit became a sponsor of Keep Pinellas Beautiful, a local branch of Keep America Beautiful.

## WATER CONSERVATION

**Invested in water conserving machinery**

that will cut back our water use on a large scale
