

IMPACT REPORT 2024

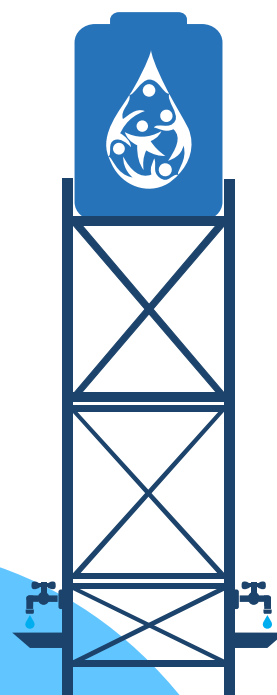

2024 IMPACT

Project Locations

- 1 AquaTower project in India
- 1 AquaTower project in Indonesia
- 1 AquaTower project in Laos
- 1 AquaTower project in Vietnam
- 1 Disaster response initiative in Vietnam

4 AquaTower

projects deployed together with hygiene education programming

1 Disaster response

initiative which included the deployment of 4 safe drinking water systems

Clean, safe drinking water provided to up to

14,400

children and community members

INDIA

Karnataka State

Date: June 11

School name: Gerizim Rehabilitation Trust

“

The bore wells in our communities are contaminated. We don't have enough funds to provide health facilities for our students, so this AquaTower is tremendously beneficial for the children under our care.

”

Joseph Ponraj,
School Principal

INDONESIA

West Java, Bogor Raya Regency

Date: September 11

School name: SD Negeri Tarikolot 03

//

Hit Promotional Products' support is a huge help towards achieving our children's dreams. Thank you for providing clean water to our school.

//

Endang Wikarsa,
School Principal

LAOS

Vientiane

Date: September 4

School name: Hat Keang Primary School

“

With the AquaTower, our community will see a significant impact. The school will save greatly on water costs, allowing students to access clean drinking water whenever they need it. We are proud and grateful to receive the AquaTower, as it ensures students have a constant supply of free water and reduces the burden placed on the school.

”

Basy Fordsoungneun,
School Principal

VIETNAM

Long An Province

Date: October 7

School name: Binh Thanh Primary School

“

The AquaTower we received today will have a big impact on our community because we have safe water access challenges. We promise that we will maintain and utilize the system, so that our children can use it for a very long time.

”

Dang Thi Hong Gian,
School Principal

VIETNAM

Yen Bai Province

Emergency response to provide safe drinking water to people impacted by Typhoon Yagi.

Date: September 14-17

The typhoon caused so much destruction. After the floods, everything is destroyed, from the inside of the houses to the roads. Trash and mud are everywhere. The electricity and running water are still off, making our daily lives very difficult. We are grateful to have this support in our neighborhood because it will help ease our burden.

Nguyen Thi Thu,
Resident of Hong Ha Ward

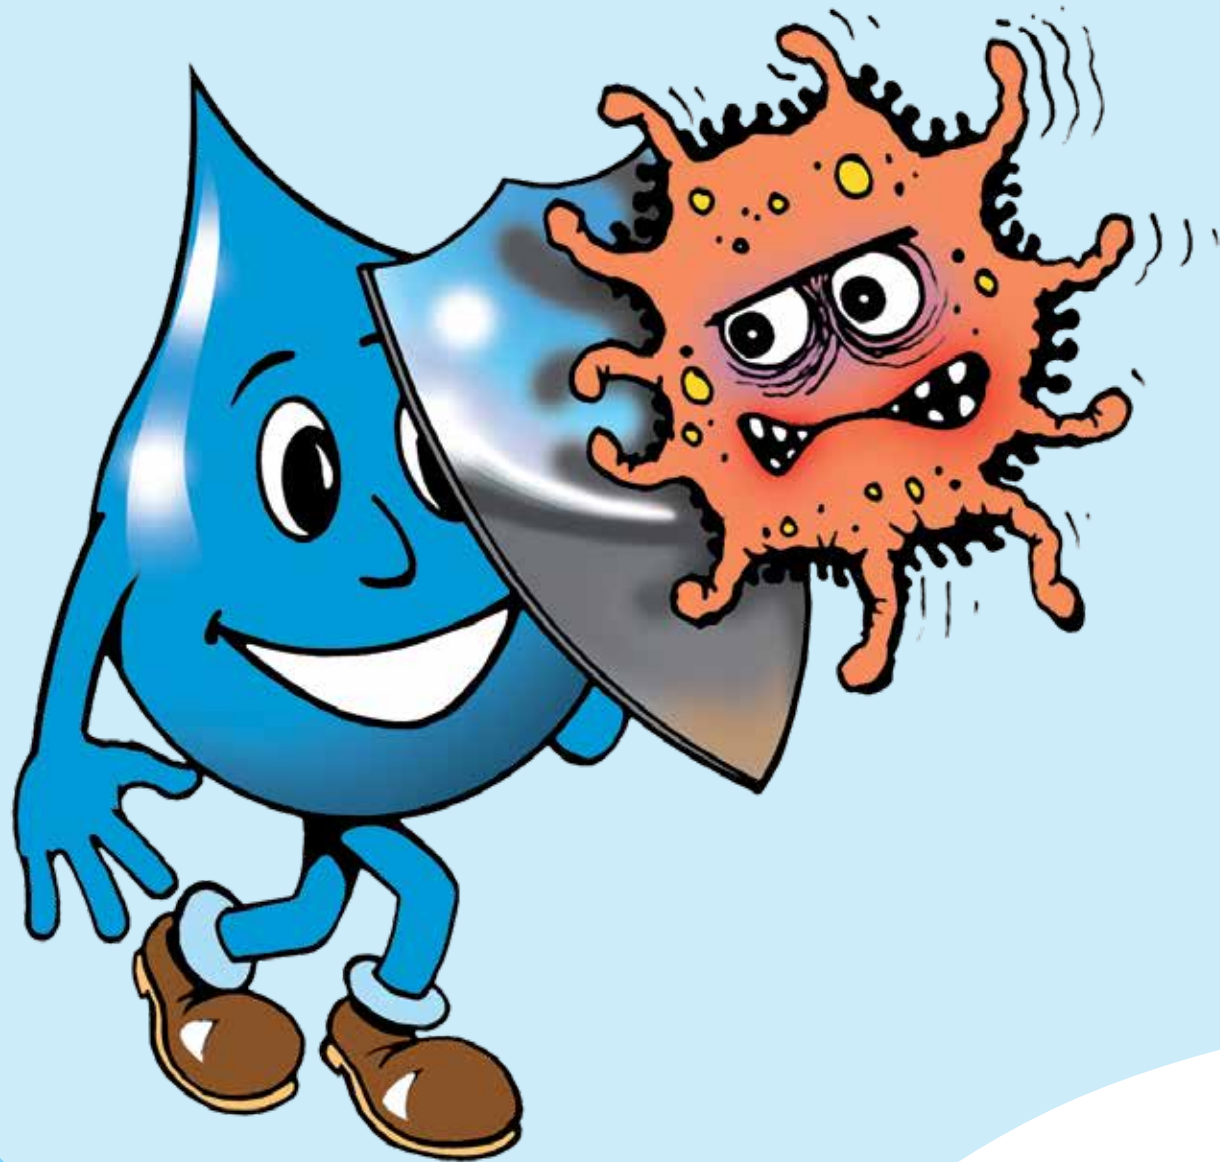

HYGIENE EDUCATION

Hygiene education program deployed at all AquaTower project schools.

Total number of schools : 4

Students reached : 1,318

The image features two young boys in the foreground, smiling and holding up their colorful posters. The posters depict environmental scenes with green grass, blue water, and a globe. In the background, other people and more posters are visible, suggesting a public display or exhibition. The overall scene is bright and positive, with a focus on environmental education.

THANK YOU

for your support in 2024
